All ropes are the same, minimum diameter of rope: 10mm. The swing rope length: 1.76m.

## 4. Maintenance instructions

At the beginning of each season as well as at regular intervals during the usage season, Product should be checked and you should follow maintenance instructions:

- check all nuts and bolts for tightness and tighten when required;
- oil all metallic moving parts;
- check swing seats, chains, ropes and other means of attachments for evidence of deterioration;
- replace defective parts in accordance with the manufacturer's instructions.

The main parts should be checked and maintained at regular intervals.

If checks are not carried out, the activity toy could overturn or become a fall off hazard.
